

LANCASTER AND MORECAMBE DEAF CHILDREN'S SOCIETY

About Us

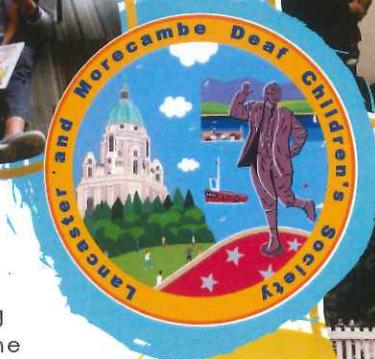

We are a small parent-led charity supporting families affected by hearing impairment in the Lancaster, Morecambe and surrounding areas. This encompasses any child with a hearing impairment, from mild to profound, temporary to permanent.

What We Do

We provide regular meet-ups, arrange social events and confidence-building activities, enable access to friendly professionals, have a BSL books and resources library for members to use, and a private Facebook group for advice and support.

Why We Do It

So many reasons! But mainly to help deaf children to overcome the barriers that could hold them back; enable them to grow as confident, independent individuals; and to offer a supportive community to deaf children and their families.
