

# Ukraine Update Event

Jointly organised by local Ukraine support group, Lancaster Gives a Helping Heart, and Lancaster & Area Christian Aid Group

Ukraine is one of the biggest and swiftest forced population displacements in recent decades. Christian Aid was founded in 1945 by British and Irish churches to help refugees in Europe after the Second World War. Nearly 80 years later, Christian Aid is doing the same.

Ruth Platt, Christian Aid's Ukraine programme officer, will be speaking about Christian Aid's response through skilled local partners who understand the context and needs of their communities. The event will begin with a brief vigil to mark the second anniversary of the conflict.
